

# THE HEART'S TIMELINE

*J.L. SHENSTONE*

I cannot seem to escape this timeline  
the ups and downs of my heart  
a film isn't just a film  
it's a DVD I lent a girl in 2006  
because a character reminded me of her  
and now in 2017  
I'm reminded of her  
and some other innocuous event  
will force me to realise  
I really don't have any memories  
that don't involve  
some girl from some time  
and how sure I was.
